

# Confirmation at Restaurant Kanalen

In the beautiful old Annex, there is an unobstructed view of the beams and the high ceiling.  
The room is beautiful and elegant with Christianshavner history on the walls.

Here it is cozy and informal  
– the perfect setting.

## Private surroundings with Christianshavner charm

The annex belongs to Restaurant Kanalen, which for more than 30 years has delivered gastronomy at the highest level. The old sail loft, with its open fireplace and exposed beams, exudes charm right into the old brickwork. The perfect setting for the confirmation party all year round.

Here, the guest is always at the center and pride is taken in creating a day that is tailored for the confirmand and the guests.

In the annex, 85 diners can sit at either long or round beautifully covered tables, with direct access to 2 private courtyards.
